**Cc:** Paulina Knibbe (comcast)  
**Subject:** Village Land and Expanded Land Purchase Program

Hello!

I gave a presentation to the BoS a couple weeks ago on the topic of Village Preservation/Land Purchase and ideas about a possible Expanded Land Purchase Program. I was then asked by the BoS to meet with the Open Space Committee, the Planning Board and the Finance Committee. A small group met with the OSC last week, and it appears that the ideas have enough support to continue exploration.

So I'm writing in the hopes that we can give you a short presentation at your next meeting, the 4th of August. Paulina wants me to make sure that you understand that this is an "early exploration" of ideas, rather than something that is "in process". The goal is to get your input to determine where your areas of concern might be.

If I can meet with you on the 4th, then I'll have enough information to report back to the BoS on the 10th. Can you accommodate a 10 minute presentation? (5 minutes with slides, 5 minutes discussion)

Terra
